Multi Function Controller MC-500

MC-500 Multi Function Controller Concept

MC-500 Specification

Item	Type	Description
Power	85~264 VAC or 24 VDC	
Display	Character LCD	20 Character X 4 Line
Flow Input	Pulse	Open collector Voltage Pulse Current Pulse
Density Input	Analog	4~20 mA
Temperature	Analog	4~20 mA
Pressure	Analog	4~20 mA
Flow Information	Communication To HMI or SCADA	RS-485
Printer	Communication Dot(Panel Mount)	RS-232 Shuttle impact dot printing
Reset	Pulse	Open collector Dry Contact
Data Logging	Memory(365 Batch)	SD or Micro SD
Log Data Download	Communication	RS-232

Thanks.
